

# VISITOR INFO

A safe school environment is essential for learning, and is one of the highest priorities at Weimar ISD.

For the security of our students and staff and the safety of our guests, a uniform visitor policy has been implemented at all district buildings.

Visitors will be asked to produce photo identification when stopping by to visit one of our schools. Visitors should expect to be signed in by a staff member and issued a visitor tag which must be visible at all times.

During events that are open to the public, there will be exceptions and modifications to these procedures.

While some of these measures may create anxiety, inconvenience or delays, they are necessary steps to provide the safest and most secure learning environment possible. We hope by following the basic procedures, our schools will be safer for our guest, our staff, and especially for our students.
