

# Get to know ME!!!

My name is Natalie Krejci, and I am currently teaching Biology, Anatomy & Physiology, and Family/Consumer Science.

A little about me, I graduated from Moulton High School in 2005. From there I went to Texas State University and received my Bachelor's Degree in Exercise and Sports Science with a minor in Psychology in 2010. I married my husband Kevin in 2017, we added our daughter Henley Grace in August of 2019, our son Landon Charles in May of 2021, and now another son Atlas Anthony in June of 2023. We currently reside in Moulton.

I was unsure of what I wanted to do for the rest of my life but with a lot of soul searching, I realized teaching was a calling and Weimar was the place for me. This will be my 12<sup>th</sup> year teaching in Weimar, and I cannot express how much I enjoy motivating students to do their best and finding ways to get them interested in Science. I love the career I have chosen and cannot wait to meet all my students this year.
